SUMMER SPORTING SEASON – 2019 GALA DAYS

The 2019 Summer Season will be run in a gala day format. Schools will participate in a number of games throughout the day and will also have break times factored in. As these are full days of competition, I am asking that schools consider sending a shade structure (if available) to each sport so there is adequate shade for rest periods. If you cannot access a tent, please contact your convenor and we will aim to try and find a solution.
