Under the agreement for 2015
Ipswich Central State School will receive

$230,887*  

*Estimated on 2014 data. Actual funding will be determined after 2015 enrolment data is finalised.

This funding will be used to

- Improve student outcomes in literacy and numeracy.
- Improve students’ access to and application of learning and interactive technologies.
- Develop and refine a collaborative data driven culture.
- Engage students in targeted, differentiated, engaging and data responsive instruction.
- Accelerate the momentum and refine the pedagogy of a data-responsive intervention model focused on short cycles of learning.
- Engage staff in an adult learning agenda.

Our strategy will be to

- Invest in professional development for staff in the specific areas of improving reading pedagogy, data analysis and application and the effective implementation of technology into innovative classroom practices.
- Engage staff in professional reading, collegial visits, and focused, purposeful and reflective co-planning.
- Use learning and interactive technologies to explicitly differentiate for student needs and interests.
- Pre and post assess student achievement to determine learning needs in short rounds of instruction and intervention.
- Establish school based programs that invests in and extends the learning of high performing learners.
- Purchase additional resources in learning technology facilities to accelerate pedagogical priorities and maximise past, present and future investments.
- Continue the progress and refinement of a teacher-led collaborative data inquiry model which informs differentiation.
Our school will improve student outcomes by:
